

Department of Transportation — Federal Aviation Administration

# Supplemental Type Certificate

Number SA2756WE

This certificate, issued to Hermes Enterprises

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation

Regulations: J (See T. C. Data Sheets A20WE)

Original Product — Type Certificate Number: A20WE

Make: Boeing

Model: 747 Series

*Description of Type Design Change:* Modify Boeing Model 747 Series Aircraft by the installation of Hermes Refrigerated LD-3 Cargo Container, Koolflite P/N 1000, S/N 8-3-001 only. This container has met the minimum performance, design and test requirements for TSO C90/NAS-3610, Revision NO. 1, 2K1C cargo unit load devices.

*Limitations and Conditions:* Maximum gross load 2830 lbs.

The approval of this change in type design applies basically to Boeing 747 Series aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

Date of application: July 17, 1973

Date received:

Date of issuance: SEP 6 1973

Date amended:

By direction of the Administrator  
*James Lippis*  
(Signature)

*Acting* Chief, Aircraft Engineering Division  
(Title)

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both.

This certificate may be transferred in accordance with FAR 21.47.
